

APS Safety Status Update

Tom Barkalow

ES&H Coordinator

Scientific User Facilities Directorate

Argonne National Laboratory

*A U.S. Department of Energy
Office of Science Laboratory
Operated by The University of Chicago*

Recent Events

- **Appointment of New ES&H Coordinator**
- **DOE Office of Assessment Review**

My Background

- **14 years experience commercial nuclear power reactors.**
- **3 years experience DOE nuclear safety assessor for CH Field Office.**
- **12 years mixed ANL nuclear and accelerator safety experience.**
- **Worked in the ESH Division and ESH/QA Oversight.**

Accelerator Safety Background

- **Coordinated Laboratory response to DOE accelerator safety order and related guidance since 1992.**
- **Have been a member of the Accelerator Safety Review Committee since 1992 – Am presently the Deputy Chair.**
- **Participated in numerous accelerator safety reviews site wide.**
- **Was a member of the APS SAD Review Committees and various APS readiness reviews.**

DOE-OA Review

- **The review is focused on how the ANL Integrated Safety Management (ISM) Program is implemented at the working level.**
- **It is a Laboratory wide review.**
- **There is a three man team assigned to review APS work activities for implementation of four ISM core functions.**
- **There are other OA reviewers interested in APS aspects of their topic areas (such as corrective action tracking).**
- **Reviewers were on site this week to plan the detailed review.**

OA Review So Far

- **Review teams concentrated on identifying specific work activities for review.**
- **APS team toured APS.**
- **APS team briefed on shutdown period work planning and scheduling.**
- **No APS issues were identified during the planning visit.**

What's Next with OA?

- **They'll be back!!**
- **Will be conducting detailed review during shutdown period.**
- **Will watch work activities being performed during shutdown period.**
- **Will have limited exposure to CAT experiment related activities.**
- **CAT work activities during shutdown may be reviewed.**

Next Update

- **Will provide a brief update at next month's meeting.**
