J. Murray Gibson

Introduction

Agenda

- 2:45 p.m. -- Introduction - Murray Gibson
- 3:00 p.m. -- XOR Tactical Plan Update - Gabrielle Long
- 3:15 p.m. -- User Meeting Report - Carol Thompson
- 3:20 p.m. -- Safety Update - Tom Barkalow
- 3:25 p.m. -- Nanotube Water – Alexander Kolesnikov
- 3:45 p.m. -- Adjourn

Murray - Introduction

- Pacesetter Awards
- Update on budget for FY'06
- DOE peer review feedback
- XOR Tactical Plan

Pacesetter

Michael McDowell (XFD/PSG)

Outstanding contributions toward preparation for the 13-T experiment.

Pacesetter

Michelle Givens (ASD/DDR)

Played a major role in the timely and successfully completion of thermal analysis of numerous APS beamline components. Her extraordinary effort in developing 3-D models for these components is another example of her consistent dedication and hard work.

Pacesetter

Christa Benson (XFD/XFE)

Bran Brajuskovic (XFD/XFE)

Jeff Collins (XFD/XFE)

Loretta Cokeley (XFD/XFE)

Mark Erdmann (XFD/XFE)

Joe Gagliano (ASD/VAC)

Yifei Jaski (XFD/XFE)

Erika Rossi (ASD/DDR)

Oliver Schmidt (XFD/XFE)

Emil Trakhtenberg (XFD/XFE)

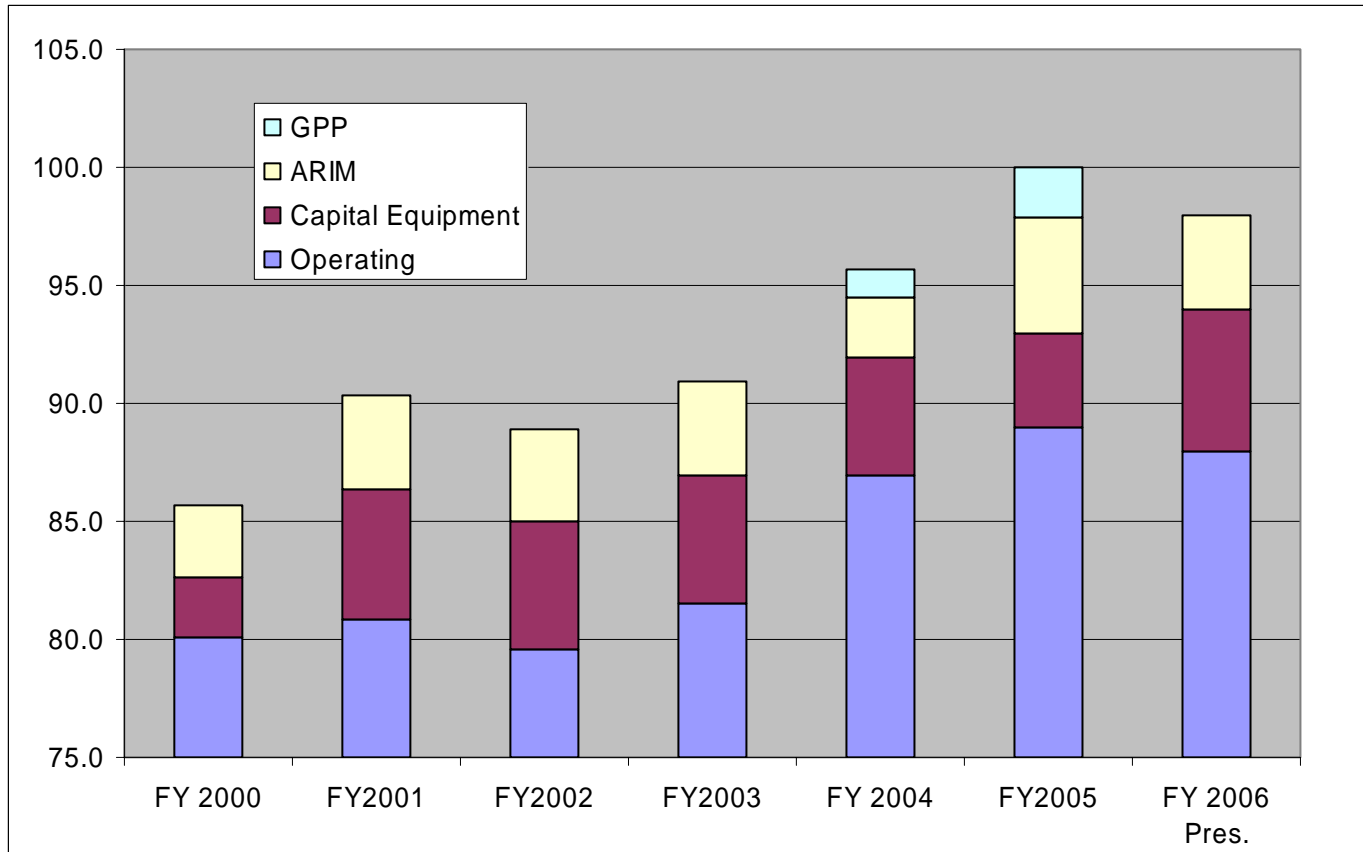

Exceptional effort in the design and procurement of the components of the canted undulator front end. This new design doubles the research potential of a single insertion device straight section.

**Office of Science
Department of Energy
Certificate of Appreciation**

Bill Ruzicka

In recognition of his outstanding commitment to pollution prevention and environmental stewardship through reuse of target disks to fabricate a target assembly for the Intense Pulsed Neutron Source.

DOE Review Oral Feedback

- Positive feedback on changes in last three years re: beamlines and science
- Outstanding machine, good strategic plans, appropriate spectrum of accelerator research, concern about anticipating obsolescence
- Encouragement for scientific development of staff, increase in number of students
- Support for optimization of XOR beamlines, continuing to engage user community and develop APS-wide plan
